- b) If you are using NSDL e-Voting system for the first time, you will need to retrieve the 'initial password' which was communicated to you. Once you retrieve your 'initial password', you need to enter the 'initial password' and the system will force you to change your password.
- c) How to retrieve your 'initial password'?
 - (i) If your email ID is registered in your demat account or with the company, your 'initial password' is communicated to you on your email ID. Trace the email sent to you from NSDL from your mailbox. Open the email and open the attachment i.e. a .pdf file. The password to open the .pdf file is your 8 digit client ID for NSDL account, last 8 digits of client ID for CDSL account or folio number for shares held in physical form. The .pdf file contains your 'User ID' and your 'initial password'.
 - (ii) If your email ID is not registered, please follow steps mentioned below in process for those shareholders whose email IDs are not registered.

7. If you are unable to retrieve or have not received the "Initial password" or have forgotten your password:

- a) Click on "Forgot User Details/Password?" (If you are holding shares in your demat account

with NSDL or CDSL) option available on www.evoting.nsdl.com.

- b) "Physical User Reset Password?" (If you are holding shares in physical mode) option available on www.evoting.nsdl.com.
- c) If you are still unable to get the password by aforesaid two options, you can send a request at evoting@nsdl.co.in mentioning your demat account number/folio number, your PAN, your name and your registered address etc.
- d) Members can also use the OTP (One Time Password) based login for casting the votes on the e-Voting system of NSDL.

8. After entering your password, tick on Agree to "Terms and Conditions" by selecting on the check box.

9. Now, you will have to click on "Login" button.

10. After you click on the "Login" button, Home page of e-Voting will open.

Step 2: Cast your vote electronically and join General Meeting on NSDL e-Voting system.

How to cast your vote electronically and join General Meeting on NSDL e-Voting system?

1. After successful login at Step 1, you will be able to see all the companies "EVEN" in which you are holding shares and whose voting cycle and General Meeting is in active status.
2. Select "EVEN" of company for which you wish to cast your vote during the remote e-Voting period and casting your vote during the General Meeting. For joining virtual meeting, you need to click on "VC/OAVM" link placed under "Join Meeting".
3. Now you are ready for e-Voting as the Voting page opens.
4. Cast your vote by selecting appropriate options i.e. assent or dissent, verify/modify the number of shares for which you wish to cast your vote and click on "Submit" and also "Confirm" when prompted.
5. Upon confirmation, the message "Vote cast successfully" will be displayed.
6. You can also take the printout of the votes cast by you by clicking on the print option on the confirmation page.

7. Once you confirm your vote on the resolution, you will not be allowed to modify your vote.

General Guidelines for shareholders	
1.	Institutional shareholders (i.e. other than individuals, HUF, NRI etc.) are required to send scanned copy (PDF/JPG Format) of the relevant Board Resolution/Authority letter etc. with attested specimen signature of the duly authorized signatory(ies) who are authorized to vote, to the Scrutinizer by e-mail to advocateragavan@gmail.com with a copy marked to evoting@nsdl.co.in. Institutional shareholders (i.e. other than individuals, HUF, NRI etc.) can also upload their Board Resolution / Power of Attorney / Authority Letter etc. by clicking on "Upload Board Resolution / Authority Letter" displayed under "e-Voting" tab in their login.
2.	It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential. Login to the e-voting website will be disabled upon five unsuccessful attempts to key in the correct password. In such an event, you will need to go through the "Forgot User Details/Password?" or "Physical User Reset Password?" option available on www.evoting.nsdl.com to reset the password.

ANNEXURE I**MANAGEMENT DISCUSSION AND ANALYSIS**

Management Discussion and Analysis forms part of the Annual Report to the shareholders and it includes discussion on matters as required as per Companies Act 2013.

1. OUTLOOK**Global Economy**

In the previous, the global economy has experienced challenges in the form of, rising interest rates, high inflation levels etc. Also, sudden surge in COVID-19 cases also impacted growth projections.

A stronger boost from demand in numerous economies or a fall in inflation is expected in the course of 2023. The emerging and developing economies of the world are likely to play a major role in accelerating global economic growth. Another silver lining is the fact that global inflation is likely to decline from *8.8% in the year 2022 to 6.6% in the year 2023 and 4.3% in the year 2024.

*Source: IMF Word Economic Outlook January, 2023

Indian Economy

The Indian economy remained remarkably resilient to global challenges in F.Y. 2022-23. This is evident by robust domestic demand and upbeat investment activity. Sectoral analysis reveals that growth was driven by robust construction activity aided by increased infrastructure investment both by the Central Government and State Governments, which paved the way for large-scale employment opportunities. Building on the gains of first half of the fiscal year, the second half continued to see a gradual upswing in demand and economic activity.

2. INDUSTRY STRUCTURE AND DEVELOPMENTS:

The Company is currently engaged in leasing of its own property. Also, the Company has currently ventured into generation of solar power through its Subsidiary, Dynavision Green Solutions Limited.

SOLAR INDUSTRY

Indian power sector is facing challenges and despite significant growth in generation over the years, it has been suffering from shortages and supply

constraints. Power deficit in the country has been around 8-10% with peak power deficit going up to 15%. As GDP growth accelerates to an ambitious 8 to 10%, the shortage of power will become more severe.

Government of India has embarked upon Non-Fossil fuel based Generation capacity addition of 500 GW by 2030 from existing 160 GW. Thus, in another 8 Years, India needs to add an ambitious capacity addition rate of ~ 45 GW / Year until 2030 of Renewable Power. The Government of India as well as the State Governments are issuing various guidelines / Regulations / orders to facilitate private investments to achieve this ambitious target.

Ever increasing demand for electricity has created the need for non- exhaustible, environment friendly and readily available energy source. Coal is the undisputed leader in meeting the electricity demand of India for past couple of decades and is expected to be the leading source of energy into the foreseeable future. Coal's demand for power generation is expected to reach 1,475 million tonnes by the year 2031-32 and is expected to meet about 78% of country's electricity demand. However, the pollution impact due to mining, greenhouse gas emissions, ash disposal etc are a significant environmental concern which will only grow with its use.

Renewable energy technologies based on the inexhaustible resources of sunlight, wind, water and biomass are considered to offer sustainable energy alternatives. India is abundantly endowed with these renewable energy resources which are evenly distributed across the country. Increasing use of these sources will be necessary for achieving environmental objectives like reduction of Green House Gas (GHG) emission.

The present solar installed capacity of 5000 MW in Tamilnadu has to reach to the levels of 25,000 MW by 2030 and the present wind capacity of 9000 MW is to reach 36,000 MW by 2030. Thus, there is an ambitious target for TN reach this level of Solar and Wind.

3. OPPORTUNITIES

Photovoltaic Technology is the science of generating direct current (DC) electrical power measured in Watts (W) or Kilowatts (kW) from semiconductors when they are illuminated by photons. A solar PV power plant essentially works on the aforementioned

concept as a renewable energy generation facility enabling power generation ranging from small scale off-grid, building integrated systems to large scale grid connected facilities.

Continued economic growth demands the need for increased energy production. The solar photovoltaic (PV) industry is among the youngest renewable energies being developed today. We believe the Ministry of New and Renewable Energy's (MNRE) support for grid connected solar power generation project provides balanced government incentives to develop and demonstrate technical performance of solar PV projects.

At present, compared to other states, the electricity supply position in TAMIL NADU is comfortable as the power storage and peak demand storage is less than 20%. However, considering the fast growth in industrial & agricultural sector and increased demand in domestic sector, the gap between supply and demand is likely to increase in coming years. Hence harnessing of energy from the available non-conventional sources will help the state in reducing the gap in coming years.

The solar resource in Tamil Nadu area is excellent, with approximately 5,600Wh/m² /day in most of the area in TAMIL NADU.

To encourage private sector participation in generation of electricity through renewable sources, both central and state Governments have declared a number of facilities and incentives for captive power generation and also for third party sale of electricity. Incentives are required for solar power installations as the cost of solar power is not yet competitive with non-renewable sources of energy. Approaches taken in other countries (most notably Germany, Spain, and Korea) include feed-in tariffs for solar power.

4. OVERALL REVIEW:

The entire factory premises have been leased out to M/s Apollo Hospitals Enterprise Ltd for establishing world class multi specialties hospital. The company is having net profit of Rs. 525.51 lakhs on 31st March, 2023. Your Board have taken all the efforts to venture into operational activity and many initiatives have been taken towards that goal and Solar Project is one among them.

5. THREATS, RISK AND CONCERNS:

The Covid Pandemic had slow down the business operation across the world, which has impacted the company as well.

Barriers to entry in the power sector are high, especially in the transmission and distribution segments, which are largely state monopolies. Also, entering the power generation business requires heavy investment initially. The other barriers are fuel linkages, payment guarantees from state governments that buy power and retail distribution license.

Competition is getting intense, but despite there being enough room for many players, shortage of inputs and natural gas and regulatory hurdles has dissuaded new entrants. Trading of solar power is one segment that has not picked up yet due to aggressive tariffs, however, this also maybe an opportunity in future from the perspective of stronger payment security mechanism. Efficiency improvement measures in the sector, especially through IT enablement, promotion of environment-friendly renewable technologies and energy efficiency solutions in the coming future, are expected to provide business opportunities to various stakeholders.

The company is functioning under the dynamic leadership and guidance of the experienced directors and hence looking for more opportunity for increasing the revenue of the company by searching for new investments opportunities which can bring good returns to the company and hence managing the risk in a prudent manner.

6. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The Company has adequate system of internal control to safeguard and protect from loss, unauthorized use or disposition of its assets.

All the transactions are properly authorized, recorded and reported to the Management. The Company is following all the applicable Accounting Standards for properly maintaining the books of accounts and reporting financial statements.

Considering the size and nature of business the company has appointed an Internal Auditor for the company from the financial year 2016-17 to ensure proper and adequate systems and procedures commensurate with its size and nature of its

business. Internal Auditors continue to monitor the operations and administration of the company.

7. SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

For the year ended 31st March 2023, there is no revenue generation from implementation of Solar Project. However, from lease rental income for the year ended 31st March 2023 was Rs.770.89 Lakhs as against Rs. 750.66 Lakhs during the Previous year.

8. FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE:

The total income of the company for the year ended 31st March 2023 was Rs.877.81 Lakhs as against Rs. 874.51 Lakhs during the Previous year. Profit Before Tax was Rs. 679.51 Lakhs as against Rs. 656.99Lakhs in the previous year. Profit After Tax was Rs. 525.51 Lakhs as against Rs. 506.99 Lakhs in the previous year.

9. MATERIAL DEVELOPMENTS IN HUMAN RESOURCES/ INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED

During the year, the human resource relations continued to be cordial, conducive and mutually productive. Human resources are used efficiently to achieve success, stability and growth of the Company. The total employees as at the year-end were 7 (Seven only)

10. KEY RATIOS:

In accordance with the SEBI (Listing Obligations and Disclosure Requirements 2018) (Amendment) Regulations, 2018, the Company is required to give details of significant changes (change of 25% or more as compared to the immediately previous financial year) in key sector specific financial ratios.

RA-TIO	FY 2022-23	FY 2021-22	% of Change	Explanation
Current Ratio	2.33	10.81	(78.00)	The Current ratio indicates a Company's overall liquidity position. It measures a Company's ability to pay short-term obligations or those due within one year. It is calculated by dividing current assets by current liabilities.

11. DETAILS OF ANY CHANGE IN RETURN ON NET WORTH AS COMPARED TO THE IMMEDIATELY PREVIOUS FINANCIAL YEAR ALONG WITH A DETAILED EXPLANATION THEREOF

RATIO	FY 2022-23	FY 2021-22	% of Change	Explanation
Return on Net-worth	56.84	124.22	(54.00)	The decrease in Return on Networth is on account of increase in retained earnings.

**INDEPENDENT AUDITORS' REPORT
TO THE MEMBERS OF DYNAVISION LIMITED**

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of **DYNAVISION LIMITED** (the "Company"), which comprise the Standalone Balance Sheet as at March 31, 2023, the Standalone Statement of Profit and Loss (including the Statement of other Comprehensive income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows for the year then ended, and notes to the Standalone Financial Statements including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as the "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the Standalone state of affairs of the Company as at March 31, 2023, its Standalone profit (including other comprehensive income), the Standalone changes in equity, and its Standalone cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditors' Responsibilities for the Audit of the Standalone Financial Statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in

accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the Standalone Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. We have determined that there are no key audit matters to communicate in our report.

Information other than the Standalone Financial Statements and Auditors' Report thereon

The Company's Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Directors' Report including Annexures to Directors' Report but does not include the financial statements and our auditors' reports thereon. The other information is expected to be made available to us after the date of this Auditors' report.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

On receipt of other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and we shall:

- (a) If the material misstatement is corrected, perform necessary procedure to ensure the correction; or
- (b) If the material misstatement is not corrected after communicating the matter to those charged with governance, take appropriate action considering our legal rights and obligations, to seek to have the uncorrected material misstatement

appropriately brought to the attention of users for whom this Auditors' report is prepared.

Responsibilities of Management and those charged with Governance for the Standalone Financial Statements

The Company's Management and the Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the Standalone financial position, Standalone financial performance (including Other Comprehensive Income), Standalone changes in equity and Standalone cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, the Management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

These Board of Directors are also responsible for overseeing the Company's Standalone financial reporting process.

Auditors' Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement,

whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to the Standalone Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of Management's and Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Standalone Financial Statements

or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "Annexure-I" a statement on the matters specified in paragraphs 3 and 4 of the said Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c. The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows dealt with by this Report are in agreement with the books of account;
- d. In our opinion, the aforesaid Standalone Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015;
- e. Based on the written representation received from the directors of the Company as on March 31, 2023, none of the directors are disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act;
- f. With respect to adequacy of the internal financial controls with reference to these Standalone Financial Statements of the Company and the operating effectiveness of such controls, we give our report in "Annexure-II";
- g. In our opinion, the managerial remuneration for the year ended March 31, 2023 has been paid/ provided by the Company to its directors in accordance with the provisions of Section 197 of the Act read with Schedule V to the Act;
- h. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position;

- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

Annexure II

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to Standalone financial statements of **Dynavision Limited** ("the Company") as of March 31, 2023 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting, issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements based on our audit. We have conducted our audit in accordance with the Guidance Note and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to Standalone Financial Statements, both issued by the ICAI. Those Standards and the Guidance Note require that

we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with

authorisations of management and directors of the company; and

- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial control with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to Standalone Financial Statements and such internal financial controls were operating effectively as at March 31, 2023, based on the internal control with reference to Standalone Financial Statements criteria established by the Company, considering the essential components of internal control stated in the Guidance Note.

1 Corporate Information

Dynavision Ltd. was established in 1973 as a Joint Sector Public Limited Company with participation of M/s.Tamilnadu Industrial Development Corporation Ltd. (TIDCO) and the Private Promoter, Mr.P. Obul Reddy. It started commercial production of Black & White TVs in 1975 and Colour televisions in 1982 under “DYANORA” Brand Name. Since 1994, the Company was assembling Colour Television Sets (CTVs), Audio and Video cassette recorders for M/s. Thomson Consumer Electronics India Limited on contract manufacturing basis.

M/s.Thomson Consumer Electronics India Limited also wound up their activities in India during 2004. Since then, the entire manufacturing capacity of the Company was lying idle except some petty job-work.

Now the entire factory premises has been leased out to M/s. Apollo Hospitals Enterprises Ltd, for establishing world class multi speciality Hospital.

General Information and statement of compliance with IND AS

The Standalone Financial Statements of the Company have been prepared in accordance with the Indian Accounting Standards (IND AS) notified under section 133 of the Companies Act, 2013 (“the Act”) read with the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

The Standalone Financial Statements for the year ended March 31, 2023 were authorized and approved for issue by the Board of Directors on May 20, 2023 and is subject to adoption by shareholders in the ensuing Annual General Meeting.

2 Application of new and revised Indian Accounting Standards (Ind AS)

Ministry of Corporate Affairs (“MCA”) notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general-purpose financial statements. The Company does not expect this amendment to have any significant impact in its Standalone Financial Statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are “monetary amounts in financial statements that are subject to measurement uncertainty”. Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its Standalone Financial Statements.

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its Standalone Financial Statements.

3 Summary of Significant Accounting Policies, Key Accounting Estimates and Judgement**a) Overall Consideration**

The Standalone Financial Statements have been prepared using the significant accounting policies and measurement bases summarized below. These were used throughout all periods presented in the Standalone Financial Statements, except where a new accounting standard is initially adopted or

revision to an existing accounting standard, requires a change in the accounting policy hitherto in use.

Basis of preparation

The Standalone Financial Statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015, as amended] and other relevant provisions of the Act. The financial statements have been prepared on the historical cost convention under accrual basis of accounting except for certain financial assets and liabilities (as per the accounting policy below), which have been measured at fair value.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

b) Current and Non-Current Classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification. An asset is classified as current when it is:

- a. Expected to be realized or intended to be sold or consumed in the normal operating cycle
- b. Held primarily for the purpose of trading

c. Expected to be realized within twelve months after the reporting period, or

d. Cash or cash equivalent is treated as current, unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when:

- It is expected to be settled in the normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

c) Revenue

Lease income from Investment property is recognized in the Statement of Profit and Loss in accordance with Payment terms of lease agreement.

Revenue from Implementation of solar power projects is recognised only when the project is successfully completed.

Dividend income from investment is recognized when the Company's right to receive payment has been established.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial

asset to that asset's net carrying amount on initial recognition.

d) Property, Plant and Equipment

Recognition and Initial Measurement

Freehold land is carried at historical cost and all other items of Property, Plant and Equipment are stated at cost of acquisition less accumulated depreciation and impairment, if any. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as separate asset is derecognized when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Depreciation

Depreciation on Property, plant and equipment is provided on Straight Line basis computed on the basis of useful lives (as set out below) which is generally as per the useful life prescribed in Schedule II of the Act:

Asset Category	Estimated Useful life (Years)
Building (Other than factory buildings)	60
Computers	3
Furniture and Fittings	10
Other Equipment	6 - 15
Vehicles	8 - 10

De-recognition

An item of Property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gains and losses on disposals are determined by comparing

proceeds with carrying amount and recognized in the Statement of Profit and Loss.

e) Investment Property

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost including transactions costs. Subsequent to initial recognition, investment properties are measured at cost less accumulated depreciation over useful life of the asset and impairment losses, if any. Though, the Company measures investment property using cost-based measurement, the fair value of investment property is disclosed in Notes.

f) Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses. Amortization is recognized on a straight-line basis over their estimated useful lives. The estimated useful life is reviewed annually with the effect of any changes in estimate being accounted for on a prospective basis.

Useful lives of intangible assets

Intangible assets are amortized equally over the estimated useful life not exceeding five years.

De-recognition

An item of intangible asset is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of intangible assets is determined as the difference between the sales proceeds, if any, and the carrying amount of the asset and is recognised in the statement of profit and loss.

g) Impairment of property, plant and equipment, investment property and intangible assets

The Company annually reviews the carrying amounts of its property, plant and equipment, investment property and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the

asset is estimated in order to determine the extent of the impairment loss, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in Statement of Profit and Loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash generating unit) is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in Statement of Profit and Loss.

h) Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

In the case of operating leases, Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to

extend or terminate the contract will be exercised. Lease term exceeding 12 months are considered under Ind AS 116. Lease rentals having lease term within 12 months are charged or recognized in the Statement of Profit and Loss on a straight-line basis over the lease term, except where the payments are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increase.

Company as a lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term or another systematic basis if such basis is more representative of the pattern in which the benefit from the use of the underlying asset is diminished. In case of finance lease, finance income is recognised over the lease term based on pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease.

i) Impairment of Non-financial assets

At each reporting date, the Company assesses whether there is any indication based on any internal or external factors that an asset may be impaired. If any such indications exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as impairment loss and is recognized in the Statement of Profit and Loss. All assets are subsequently reassessed for indications that an impairment loss previously recognized may no longer exist. An impairment loss is reversed if the assets or cash generating unit's recoverable amount exceeds its carrying amount.

j) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific

borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. All other borrowing costs are recognized in the Statement of Profit and Loss in the period in which they are incurred.

k) Financial Instruments

(i) Initial recognition and measurement

Trade receivables and unbilled revenue are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

(ii) Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at

- Amortised cost;
- Fair value through OCI (FVOCI) – debt investment;
- FVOCI – equity investment; or
- FVTPL

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and

- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investments fair value in OCI (designated as FVOCI - equity investment). This election is made on an investment by investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in the statement of profit and loss.
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in statement of profit and loss. Any gain or loss on derecognition is recognized in the statement of profit and loss.

Debt investments at FVOCI	These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to statement of profit and loss.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to statement of profit and loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in statement of profit and loss.

(iii) Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains

substantially all of the risks and rewards of ownership and does not retain control of the financial asset

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss.

(iv) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

l) Impairment of Financial Assets

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss for financial assets.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive. When estimating the cash flows, the Company is required to consider-

- All contractual terms of the financial assets (Including prepayment and extension) over the expected life of the assets;
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Other Financial Assets

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since the initial recognition and if credit risk has increased significantly, impairment loss is provided.

m) Taxes on Income

Tax expense recognized in Statement of Profit and Loss comprises of current and deferred tax not recognized in Other Comprehensive Income (OCI) or directly in equity.

Current Income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act. Current income tax relating to items recognized outside the Statement of Profit and Loss is recognized outside Statement of Profit and Loss (either in OCI or in equity).

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the Standalone Financial Statements. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognized only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity, in which case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

n) Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

Cash and Cash Equivalents

Cash and Cash equivalents comprise cash in hand, demand deposits with banks or corporations and short term highly liquid investments (original maturity less than 3 months) that are readily convertible into known amounts of cash and are subject to an insignificant risk of change in value.

o) Events after reporting period

Where events occurring after the Balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the Standalone Financial Statements. Otherwise, events after the Balance Sheet date of material size of nature are only disclosed.

p) Post-Employment, long-term and short-term employee benefits**Defined Contribution Plans**

Provident Fund benefits is a defined contribution plan under which the company pays fixed contribution into funds established under the Employees' Provident Fund and Miscellaneous Provisions Act, 1952. The Company has no legal or constructive obligations to pay further contributions after the payment of the fixed contribution.

Defined benefit plans

Gratuity is a post-employment benefit defined under the Payment of Gratuity Act, 1972 and is in the nature of a defined plan. The liability recognized in the Standalone Financial Statements in respect of gratuity is in accordance with the required provisions of the said act.

Short-term employee benefits

Expense in respect of other short-term benefits is recognized on the basis of the amount paid or

payable for the period during which services are rendered by the employee.

q) Provisions, Contingent Liabilities and Contingent Assets

Provision

A provision is recorded when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reasonably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as interest expenses.

Contingent Liabilities

Wherever there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because:

(a) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or

(b) the amount of the obligation cannot be measured with sufficient reliability.

Contingent assets are neither recognized nor disclosed.

r) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to the equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the periods.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to the equity shareholders and the weighted average

number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

s) Functional and presentation currency and Foreign Currency Transactions

Items included in the Standalone Financial Statements of the Company are measured using the currency of the primary economic environment in which these entities operate (i.e. the "functional currency"). The Standalone Financial Statements are presented in Indian Rupee, the national currency of India, which is the functional currency of the Company.

In preparing the Standalone financial statements of the Company, transactions in currencies other than the entity's functional currency (foreign currencies) are recognized at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognized in profit or loss in the period in which they arise.

t) Use of Estimates

The preparation of Standalone Financial Statements requires management to make certain estimates and assumptions that affect the amounts reported in the Standalone Financial Statements and notes thereto. The management believes that these estimates and assumptions are reasonable and prudent. However, actual results could differ from these estimates.

u) Significant Estimations and Judgments

The areas involving critical estimates or judgments are:

- Estimation of fair value of financial assets and liabilities- Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and

assumptions consistent with how market participants would price the instruments. The management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

- **Estimation of useful lives of depreciable/amortisable assets-** Management reviews its estimate of the useful life of the depreciable/amortisable asset at the end of each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence.

- **Recoverability of advances-** At each balance sheet, based on historical default rates observed over expected life, the management assess the expected credit loss on outstanding advances.

- **Recognition of deferred tax assets-** The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilised.

Evaluation of indicators for impairment of assets- The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

B. Credit risk, Liquidity risk and Market risk

The Company's activities expose it to credit risk and liquidity risk. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

a) Credit risk: The credit risk refers to risk that a counter party will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, bank balances and security deposits.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in the credit risk the Company compares the risk of default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. Surplus cash is deposited only with banks/financial institutions/ invested in mutual funds with a high external credit rating. The credit risk on security deposits has been assessed as insignificant.

b) Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly to meet obligations when due. The Company's exposure to liquidity risk arises primarily from mismatches of maturities of financial assets and liabilities.

The Company manages the liquidity risk by (i) maintaining adequate and sufficient cash and cash equivalents (ii) making available the funds from realizing timely maturities of financial assets to meet the obligations when due. The Management monitors rolling forecast of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. Also, the Company manages the liquidity risk by projecting cash flows considering the level of liquid assets necessary to meet the obligations by matching the maturity profiles of financial assets and financial liabilities and monitoring Balance Sheet liquidity ratios. Further, the liquidity risk management involves matching the maturity profiles of financial assets and financial liabilities.

c) Maturity profile

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, including contractual interest but excluding impact of netting agreements.

53 Segment reporting**Identification of segments:**

The chief operational decision maker monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit and loss of the segment and is measured consistently with profit or loss in these financial statements.

Operating segments have been identified on the basis of the nature of services.

Operating segments:

- (a) Renting of investment property
- (b) Implementation of solar power projects

Geographical segments :

The Company's operations and customers are only in India. Accordingly, there are no reportable geographical segments.

Segment revenue and results :

The expenses and income which are not directly attributable to any business segment are shown as unallocable expenditure (net of unallocable income).

Segment assets and liabilities:

Assets used by the operating segments mainly consist of property, plant and equipment, trade receivables, cash and cash equivalents and inventories. Segment liabilities include trade payables and other liabilities. Common assets and liabilities which cannot be allocated to any of the segments are shown as a part of unallocable assets/liabilities. Liabilities which cannot be allocated to any of the segments are shown as a part of unallocable assets/liabilities. The measurement principles of segments are consistent with those used in preparation of these standalone financial statements. There are no inter-segment transfers.

INDEPENDENT AUDITORS' REPORT**To The Members of DYNAVISION LIMITED****Report on the Audit of the Consolidated Financial Statements****Opinion**

We have audited the accompanying Consolidated Financial Statements of **DYNAVISION LIMITED** (the "Holding Company") and its subsidiary (Holding Company and its subsidiary together referred to as the "Group"), which comprise the Consolidated Balance Sheet as at March 31, 2023, the Consolidated Statement of Profit and Loss (including the Statement of other Comprehensive income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended and notes to the Consolidated Financial Statements including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as the "Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditor on separate financial statement of the subsidiary, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the Consolidated state of affairs of the Group as at March 31, 2023, its Consolidated profit (including other comprehensive income), Consolidated changes in equity, and its Consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the "*Auditors' Responsibilities for the Audit of the Consolidated Financial Statements*" section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the

ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditor in terms of their report referred to in "Other Matters" section below, is sufficient and appropriate to provide a basis for our opinion on the Consolidated Financial Statements.

Key Audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. We have determined that there are no key audit matters to communicate in our report.

Information other than the Consolidated Financial Statements and Auditors' Report thereon

The Holding Company's Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Directors' Report including Annexures to Directors' Report but does not include the financial statements and our auditors' reports thereon. The other information is expected to be made available to us after the date of this Auditors' report.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

On receipt of other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and we shall:

(a) If the material misstatement is corrected, perform necessary procedure to ensure the correction; or

(b) If the material misstatement is not corrected after communicating the matter to those charged with governance, take appropriate action considering our legal rights and obligations, to seek to have the uncorrected material misstatement appropriately brought to the attention of users for whom this Auditors' report is prepared.

Responsibilities of Management and those charged with Governance for the Consolidated Financial Statements

The Holding Company's Management and the Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the Consolidated financial position, Consolidated financial performance (including Other Comprehensive Income), Consolidated changes in equity and Consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Ind AS. The respective Board of Directors and Management of the companies included in the Group are responsible for the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Holding Company as aforesaid.

In preparing the Consolidated Financial Statements, the respective Management and Board of Directors of the companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as

applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the respective company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of each company.

Auditors' Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate

internal financial controls with reference to the Consolidated Financial Statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of Management's and Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of financial information of such entity included in the Consolidated Financial Statements of which we are the independent auditors. For the other entity included in the Consolidated Financial Statements, which have been audited by the other auditor, such other auditor remains responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are

further described in the section titled 'Other Matters' in this audit report.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of the subsidiary, whose financial statements reflect total assets of Rs. 866.95 lakhs, total revenue of Rs. Nil, total net loss after tax of Rs.19.34 lakhs and total comprehensive income (loss) of Rs. (19.34 lakhs) for the year ended March 31, 2023. These financial statements have been audited by another Chartered Accountant whose report has been furnished to us by the Holding Company's Management and our opinion, on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of the above-mentioned subsidiary and our report in terms of Section 143(3) of the Act, is based solely on the report of the other auditor.

Our opinion on the Consolidated Financial Statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements/ financial information certified by the Holding Company's Management.

Report on Other Legal and Regulatory Requirements

1. With respect to the matters specified in paragraphs 3(xxii) and 4 of the Companies (Auditor's Report) Order, 2020 ("CARO") issued by the Central Government in terms of sec 143(11) of the Act, to be included in the Auditors' report, according to the information and explanations provided to us, and based on the CARO reports issued by us for the Holding Company and CARO report issued by the Other Auditor of the subsidiary included in the Consolidated Financial Statements, we report that there are no qualifications or adverse remarks.
2. As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditor on separate financial statements of the subsidiary as was audited by other auditor, as noted in the 'Other Matters' paragraph, we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements;
 - b. In our opinion, proper books of account as required by law relating to the preparation of the Consolidated Financial Statements have been kept by the Group so far as it appears from our examination of those books and the report of the other auditor;
 - c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the books of account;
 - d. In our opinion, the aforesaid Consolidated Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015;
 - e. Based on the written representation received from the directors of the Holding Company

as on March 31, 2023 and the report of the other auditor of the subsidiary company, none of the directors of the Group are disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164(2) of the Act;

f. The subsidiary is exempted from reporting on the internal financial controls with reference to financial statements. With respect to adequacy of the internal financial controls with reference to these Consolidated Financial Statements of the Group in so far as it relates to the Holding Company and the operating effectiveness of such controls, we give our report in "Annexure-I";

g. In our opinion, the managerial remuneration for the year ended March 31, 2023 has been paid/provided by the Holding Company to its directors in accordance with the provisions of Section 197 of the Act read with Schedule V to the Act:

h. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

i. The Group does not have any pending litigations which would impact its financial position;

ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Group;

iv. (a) The respective managements of the Holding Company and the subsidiary have represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or its subsidiary to or in any other person(s) or entity(ies), including foreign entity(ies) ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or its subsidiary ("Ultimate Beneficiaries")

or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The respective managements of the Holding Company and the subsidiary have represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Holding Company or the subsidiary from any person(s) or entity(ies), including foreign entity(ies) (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Holding Company or subsidiary shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The companies included in the Group have not declared any interim/final dividend during the year ended March 31, 2023; and

vi. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Group with effect from April 1, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.

Annexure-I to Independent Auditors’ Report on the Consolidated Financial Statements of Dynavision Limited for the year ended March 31, 2023

(Referred to in paragraph 2(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to Consolidated financial statements of **Dynavision Limited** (the “Holding Company”) as of March 31, 2023 in conjunction with our audit of the Consolidated Financial Statements of the Group for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Holding Company’s Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to consolidated financial statements criteria established by the Holding Company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting, issued by the Institute of Chartered Accountants of India (ICAI) (the “Guidance Note”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Holding Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to Consolidated financial statements based on our audit. We have conducted our audit in accordance with the Guidance Note and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated Financial Statements to future periods are subject to the risk that the internal financial control with reference to Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Holding Company has, in all material respects, an adequate internal financial controls with reference to Consolidated Financial Statements and such internal financial controls were operating effectively as at March 31, 2023, based on the internal control with reference to Consolidated Financial Statements criteria established by the Holding Company, considering the essential components of internal control stated in the Guidance Note.

1 Corporate Information

The Consolidated Financial Statements comprise financial statements of Dynavision Limited (the "Holding Company") and its subsidiary, collectively referred to as the "Group".

Dynavision Ltd. was established in 1973 as a Joint Sector Public Limited Company with participation of M/s.Tamilnadu Industrial Development Corporation Ltd. (TIDCO) and the Private Promoter, Mr. P.Obul Reddy. It started commercial production of Black & White TVs in 1975 and Colour televisions in 1982 under "DYANORA" Brand Name. Since 1994, the Company was assembling Colour Television Sets (CTVs), Audio and Video cassette recorders for M/s. Thomson Consumer Electronics India Limited on contract manufacturing basis.

M/s.Thomson Consumer Electronics India Limited also wound up their activities in India during 2004. Since then the entire manufacturing capacity of the Holding Company was lying idle except some petty job-work.

Now the entire factory premises has been leased out to M/s. Apollo Hospitals Enterprises Ltd, for establishing world class multi-speciality Hospital.

The principal activity of the subsidiary is supplying, generating, distributing, trading and dealing in electricity in all forms of energy and power generated by any source including steam, hydro, tidal, water, wind, solar, coal, hydrocarbon fuel or any other form or kind or description.

Basis of Consolidation

The financial statements of the subsidiary company used in the consolidation are drawn up to the same reporting date of the Company i.e. year ended March 31, 2023. The Consolidated Financial Statements have been prepared on the following basis:

(a) The financial statements of the Holding Company and its subsidiary have been combined on a line-by-line basis by adding together like items of assets, liabilities, income and expenses. Inter-company balances and transactions and unrealized profits or losses have been fully eliminated.

(b) Changes in the Holding Company's interests in subsidiary that do not result in a loss of control

are accounted for as equity transactions. The carrying amount of the Holding Company's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Group.

(c) The Consolidated Financial Statements have been prepared using uniform accounting policies for similar transactions and are presented to the extent possible, in the same manner as the Holding Company's Standalone Financial Statements.

Name of the Subsidiary	Country of Incorporation	% holding as at 31-Mar-2023
Dynavision Green Solutions Limited (DGSL)	India	100%

The date of incorporation of DGSL is September 9, 2022 and hence, there are no comparative figures presented in the current year.

General Information and statement of compliance with IND AS

The Consolidated Financial Statements of the Group have been prepared in accordance with the Indian Accounting Standards (IND AS) notified under section 133 of the Companies Act, 2013 ("the Act") read with the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

The Consolidated Financial Statements for the year ended March 31, 2023 were authorized and approved for issue by the Board of Directors on May 20, 2023 and is subject to adoption by shareholders in the ensuing Annual General Meeting.

2 Application of new and revised Indian Accounting Standards (Ind AS)

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing

the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general-purpose financial statements. The Group does not expect this amendment to have any significant impact in its Consolidated Financial Statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are “monetary amounts in financial statements that are subject to measurement uncertainty”. Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Group does not expect this amendment to have any significant impact in its Consolidated Financial Statements.

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Group is evaluating the impact, if any, in its Consolidated Financial Statements.

3 Summary of Significant Accounting Policies, Key Accounting Estimates and Judgement

a) Overall Consideration

The Consolidated Financial Statements have been

prepared using the significant accounting policies and measurement bases summarized below. These were used throughout all periods presented in the Consolidated Financial Statements, except where a new accounting standard is initially adopted or revision to an existing accounting standard, requires a change in the accounting policy hitherto in use.

Basis of preparation

The Consolidated Financial Statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015, as amended] and other relevant provisions of the Act. The financial statements have been prepared on the historical cost convention under accrual basis of accounting except for certain financial assets and liabilities (as per the accounting policy below), which have been measured at fair value.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

b) Current and Non-Current Classification

The Group presents assets and liabilities in the balance sheet based on current / non-current classification. An asset is classified as current when it is:

- Expected to be realized or intended to be sold or consumed in the normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
 - Cash or cash equivalent is treated as current, unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current. A liability is treated as current when:

- It is expected to be settled in the normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
 - There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Group has identified twelve months as its operating cycle. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

c) Revenue

Lease income from Investment property is recognized in the Statement of Profit and Loss in accordance with Payment terms of lease agreement.

Revenue from generation and distribution of electricity from implementation of solar power projects is recognised only when the project is successfully completed.

Dividend income from investments is recognised when the Company's right to receive payment has been established.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Holding Company and the amount of income can be measured reliably. Interest income

is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

d) Property, Plant and Equipment

Recognition and Initial Measurement

Freehold land is carried at historical cost and all other items of Property, Plant and Equipment are stated at cost of acquisition less accumulated depreciation and impairment, if any. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as separate asset is derecognized when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Depreciation

Depreciation on Property, Plant and Equipment is provided on Straight Line basis computed on the basis of useful lives (as set out below) which is generally as per the useful life prescribed in Schedule II of the Act:

Asset Category	Estimated Useful life (Years)
Building (Other than factory buildings)	60
Computers	3
Furniture and Fittings	10
Other Equipment	6 - 15
Vehicles	8 - 10

De-recognition

An item of Property, Plant and Equipment and any significant part initially recognized is derecognized

upon disposal or when no future economic benefits are expected from its use or disposal. Any gains and losses on disposals are determined by comparing proceeds with carrying amount and recognized in the Statement of the Profit and Loss.

e) Investment Property

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost including transaction costs. Subsequent to initial recognition, investment properties are measured at cost less accumulated depreciation over useful life of the asset and impairment losses, if any. Though, the Group measures investment property using cost-based measurement, the fair value of investment property is disclosed in Notes.

f) Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognized on a straight-line basis over their estimated useful lives. The estimated useful life is reviewed annually with the effect of any changes in estimate being accounted for on a prospective basis.

Useful lives of intangible assets

Intangible assets are amortised equally over the estimated useful life not exceeding five years.

De-recognition

An item of intangible asset is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of intangible assets is determined as the difference between the sales proceeds, if any, and the carrying amount of the asset and is recognised in the statement of profit and loss.

g) Impairment of Property, Plant and Equipment, Investment Property and Intangible Assets

The Group annually reviews the carrying amounts of its property, plant and equipment, investment property and intangible assets to determine whether there is any indication that those assets have

suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in Statement of Profit and Loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash generating unit) is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in Statement of Profit and Loss.

h) Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

In the case of operating leases, Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Group makes an assessment on the expected lease term

on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. Lease term exceeding 12 months are considered under Ind AS 116. Lease rentals having lease term within 12 months are charged or recognized in the Statement of Profit and Loss on a straight-line basis over the lease term, except where the payments are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increase.

Group as a lessor

At the inception of the lease the Group classifies each of its leases as either an operating lease or a finance lease. The Group recognises lease payments received under operating leases as income on a straight-line basis over the lease term or another systematic basis if such basis is more representative of the pattern in which the benefit from the use of the underlying asset is diminished. In case of finance lease, finance income is recognised over the lease term based on pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease.

i) Impairment of Non-financial assets

At each reporting date, the Group assesses whether there is any indication based on any internal or external factors that an asset may be impaired. If any such indications exists, the Group estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as impairment loss and is recognized in the Statement of Profit and Loss. All assets are subsequently reassessed for indications that an impairment loss previously recognized may no longer exist. An impairment loss is reversed if the assets' or cash generating unit's recoverable amount exceeds its carrying amount.

j) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use are added to the cost of those assets, until such time as the assets are substantially ready

for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. All other borrowing costs are recognized in the Statement of Profit and Loss in the period in which they are incurred.

k) Financial Instruments

(i) Initial recognition and measurement

Trade receivables and unbilled revenue are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Group becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

(ii) Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at

- Amortised cost;
- Fair value through OCI (FVOCI) – debt investment;
- FVOCI – equity investment; or
- FVTPL

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and

- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Group may irrevocably elect to present subsequent changes in the investments fair value in OCI (designated as FVOCI - equity

investment). This election is made on an investment by investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Group may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in the statement of profit and loss.
Financial assets at amortised cost	These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in statement of profit and loss. Any gain or loss on derecognition is recognised in the statement of profit and loss.
Debt investments at FVOCI	These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to statement of profit and loss.
Equity investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to statement of profit and loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in statement of profit and loss.

(iii) Derecognition

Financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred, or in which the Group neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Group enters into transactions whereby it transfers assets recognised on its balance sheet, but

retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Group derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Group also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss.

(iv) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Group currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

l) Impairment of Financial Assets

In accordance with Ind AS 109, the Group applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss for financial assets.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive. When estimating the cash flows, the Group is required to consider-

- All contractual terms of the financial assets (Including prepayment and extension) over the expected life of the assets
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Other Financial Assets

For recognition of impairment loss on other financial assets and risk exposure, the Group determines

whether there has been a significant increase in the credit risk since the initial recognition and if credit risk has increased significantly, impairment loss is provided.

m) Taxes on Income

Tax expense recognized in Statement of Profit and Loss comprises of current and deferred tax not recognized in Other Comprehensive Income (OCI) or directly in equity.

Current Income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act. Current income tax relating to items recognized outside the Statement of Profit and Loss is recognized outside Statement of Profit and Loss (either in OCI or in equity).

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the Consolidated Financial Statements. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognized only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity, in which case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

n) Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any

deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Group are segregated based on the available information.

Cash and Cash Equivalents

Cash and Cash equivalents comprise cash in hand, demand deposits with banks or corporations and short term highly liquid investments (original maturity less than 3 months) that are readily convertible into known amounts of cash and are subject to an insignificant risk of change in value.

o) Events after reporting period

Where events occurring after the Balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the Consolidated Financial Statements. Otherwise, events after the Balance Sheet date of material size of nature are only disclosed.

p) Post-Employment, long-term and short-term employee benefits

Defined Contribution Plans

Provident Fund benefits is a defined contribution plan under which the Group pays fixed contribution into funds established under the Employees' Provident Fund and Miscellaneous Provisions Act, 1952. The Group has no legal or constructive obligations to pay further contributions after the payment of the fixed contribution.

Defined benefit plans

Gratuity is a post-employment benefit defined under the Payment of Gratuity Act, 1972 and is in the nature of a defined plan. The liability recognized in the Consolidated Financial Statements in respect of gratuity is in accordance with the required provisions of the said act.

Short-term employee benefits

Expense in respect of other short-term benefits is recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

q) Provisions, Contingent Liabilities and Contingent Assets

Provision

A provision is recorded when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reasonably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognized as interest expenses.

Contingent Liabilities

Wherever there is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity or a present obligation that arises from past events but is not recognized because:

- (a) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- (b) the amount of the obligation cannot be measured with sufficient reliability.

Contingent assets are neither recognized nor disclosed.

r) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to the equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the periods.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to the equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

s) Functional and presentation currency and Foreign Currency Transactions

Items included in the Consolidated Financial Statements of the Group are measured using the currency of the primary economic environment in which these entities operate (i.e. the “functional currency”). The Consolidated Financial Statements are presented in Indian Rupee, the national currency of India, which is the functional currency of the Group.

In preparing the Consolidated financial statements of the Group, transactions in currencies other than the entity’s functional currency (foreign currencies) are recognized at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognized in profit or loss in the period in which they arise.

t) Use of Estimates

The preparation of Consolidated Financial Statements requires management to make certain estimates and assumptions that affect the amounts reported in the Consolidated Financial Statements and notes thereto. The management believes that these estimates and assumptions are reasonable and prudent. However, actual results could differ from these estimates.

u) Significant Estimations and Judgments

The areas involving critical estimates or judgments are:

- Estimation of fair value of financial assets and liabilities- Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instruments. The management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm’s length transaction at the reporting date.

- Estimation of useful lives of depreciable/amortisable assets- Management reviews its estimate of the useful life of the depreciable/amortisable asset at the end of each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence.

- Recoverability of advances- At each balance sheet, based on historical default rates observed over expected life, the management assess the expected credit loss on outstanding advances.

- Recognition of deferred tax assets- The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilised.

- Evaluation of indicators for impairment of assets- The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

34 Post-employment benefits**Defined contribution plan**

The Group makes Provident Fund contributions, which is a defined contribution plan, for all eligible employees. Under the Scheme, the Group contributes 12% of the qualifying salary to fund the benefit. The expense recognised by the Group towards the contribution plan in the Statement of Profit and Loss during the year is Rs. 2.01 lakhs.

Defined benefit plan

The Group has a defined benefit gratuity plan, governed by the Payment of Gratuity Act, 1972. It entitles an employee, who has rendered at least five years of continuous service, to gratuity at the rate of fifteen days wages for every completed year of service or part thereof, based on the rate of wages last drawn by the employee concerned. The gratuity plan is an unfunded plan, the liability for which is determined for all employees who have completed atleast 5 years of service based on the actual completed period of service by the respective employees and their current salary. Accordingly, the other disclosures in this regard have not been provided.

35 Contingent Liability

The Group does not have any contingent liability as at March 31, 2023.

Such items have been classified under amortised costs in the above table.

B. Credit risk, Liquidity risk and Market risk

The Group's activities expose it to credit risk and liquidity risk. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

a) Credit risk:

The credit risk refers to risk that a counter party will default on its contractual obligations resulting in financial loss to the Group. Credit risk arises primarily from financial assets such as trade receivables, bank balances and security deposits.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in the credit risk the Group compares the risk of default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. Surplus cash is deposited only with banks/financial institutions/ invested in mutual funds with a high external credit rating. The credit risk on security deposits has been assessed as insignificant.

b) Liquidity Risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly to meet obligations when due. The Group's exposure to liquidity risk arises primarily from mismatches of maturities of financial assets and liabilities.

The Group manages the liquidity risk by (i) maintaining adequate and sufficient cash and cash equivalents (ii) making available the funds from realizing timely maturities of financial assets to meet the obligations when due. The Management monitors rolling forecast of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. Also, the Group manages the liquidity risk by projecting cash flows considering the level of liquid assets necessary to meet the obligations by matching the maturity profiles of financial assets and financial liabilities and monitoring Balance Sheet liquidity ratios. Further, the liquidity risk management involves matching the maturity profiles of financial assets and financial liabilities.
